WEB SEMINAR ENERGY

VALENTINA BOSETTI

Associate Professor at Bocconi University, Fondazione Eni Enrico Mattei , Economic and Social Research Institute

Valentina Bosetti holds a PhD in Computational Mathematics and Operation Research from the Università Statale of Milan and a Master Degree in Environmental and Resources Economics from University College of London.

At FEEM since 2003, she works as a modeler for the Sustainable Development Programme and as Climate Change topic leader, coordinating a research group on numerical analysis of carbon mitigation options and policies. She has published several papers in the field of economics of climate change policy, including some linking forest management to the climate change policies. Valentina has been the holder of a ERC Starting Grant on innovation in energy technologies and she is currently the holder of an ERC Starting Grant on Uncertainty Perception and Climate Change policy making.

Since 2012 Valentina is Associate Professor at the Department of Economics, Bocconi University. Currently, Valentina is a Visiting Fellow at the Center for Advanced Studies in Behavioral Sciences, Stanford University.
